

AGENDA
RCRA Subpart X Conference Call

Date: Thursday, February 4, 2016

Call-in number:

Time: 12:00 – 1:30 pm, ET

Conference Code:

Conference Line/Code / Ex. 6

TOPICS

1. Headquarters' Update

(Ken Shuster, EPA-ORCR)

Air Bags Meeting, Emission Testing, CSB Memo

2. Authority to Require Evaluations of Alternative Technologies

(Sasha Gerhard, EPA-ORCR)

Another follow-up question:

For those of you who have issued permits requiring a facility to conduct an evaluation of alternative technologies (to potentially replace OB/OD), has anyone met opposition/had the permit condition challenged by the facility?

3. Technology Alternatives for OB/OD

(Alejandro Galdamez, CA EPA)

New technology for explosive and highly explosive hazardous waste? What sources can be used or is EPA considering to replace the Open Burn/ Open Detonation units? (See information submitted in email.)

4. RCRA permit equivalents under CERCLA

(John Scott, NJ DEP)

Specifically 40 C.F.R. 264.552 – Corrective Action Management Units (CAMU), waiver of RCRA, ARARS and the use of mobile units using combustion (shape charge) to treat chemical munitions.

5. Closure of an Inactive OB/OD Unit

(Jan Palumbo, EPA R10)

Closure of an inactive OB/OD unit which is located on an active small arms firing range at a DOD facility.
